

15km SAN SEBASTIAN 2019
RULES AND REGULATIONS FOR ROLLERS

ARTICLE 1 - DATE AND TIME

Gipuzkoa Athletics Federation (FAG), along with Fly Group, organise the XXIII edition of the 15km San Sebastian on Sunday, October 20, 2019.
The race should be completed within a time limit of 1h00.

Start Times:

09h40 5K

09h55 Roller

10h30 10k

10h40 wheelchairs and handbikes

11h00 15K

The course is urban and has been measured by the RFEA and FAG judges on the distance of 15 km.

ARTICLE 2 - CONDITIONS OF PARTICIPATION

This race is open to participation to anyone who wishes to take part, regardless of sex or nationality, licensed or not through a federation. All participants must be born in 2001 or before.

Participation is limited to 300 rollers

Each athlete participates in the race at their own risk and has a fitness level sufficient to run the race without any problems or risks to their health

To wear **hard helmet** is mandatory, and it is advisable to use other protections (elbows, knees, hands...). Only inline or quad roller skates are allowed. It is strictly forbidden to use skating poles.

Time limit to qualify will be **one hour**. Skaters that are reached by the first athlete may not continue in the race, although they may continue to skate on the bike lane to Anoeta whenever possible. In the sections where the bike path does not exist, they may pass through the lane occupied by athletes, avoiding

disturbing them, and trying not to make unexpected maneuvers. Runners reached by athletes may not access the Anoeta stadium through the main entrance.

The 15 km San Sebastian on skates are a popular race that requires a certain physical and technical level to the skater. Along the route there will be staff of the organization, who have the right to remove any participants that show a low technical level and that could jeopardize their own integrity or that of other participants.

We remind all participants that despite being popular, the 15 km San Sebastian is a race, not a ride. It is necessary (and required) to know how to stop and deal with a group on the road and to be able to skate at a higher speed than the average speed needed to finish the race in the maximum time.
